

A Song For Only You

(Words and music by Joshua Starmer, copyright 2017)

V1

Each morning my heart breaks in pieces

Amin **G**

And each night you pick them all up and you put them back together

Amin **G** **F** **Emin**

This life I can't imagine without you

This meaning that you give all I do. You make it all real inside.

Chorus1

Oh, this love moves fast and slow

Amin **Dmin**

While the years pass us, it continues to grow

Amin **Dmin**

Oh, what little did I know how I'd feel for you today.

G **F** **Dmin** **G**

V2

I mean it, each word that I sing

But I can't describe all the feelings, the feelings I have inside.

Chorus2

Oh, you whisper soft and low

Your hand in mine in the evening glow

Oh, what little did I know how I'd feel for you tonight.
